

About Neways

The company was started by Tom Mower, formerly an industrial chemist who was alarmed to discover that many harsh industrial chemicals were also used in personal care products.

Their range of products is toxin free, environmentally friendly and not tested on animals. [Dr Epstein \(cancer prevention expert\)](#) unequivocally endorses Neways as the only company in the world that offers a full line of products free of potentially harmful or carcinogenic ingredients.

There are no retail outlets for Neways but their delivery service is very efficient. In the UK their HQ is in Cambridge. Their on-line products are available to order 24/7.

At first glance they appear quite expensive but you will find over a period of time that, because they are so concentrated you will not be spending any more than you are now. They are not watered down or bulked up. You cannot compare volume for volume.

As well as a full range of basic personal hygiene and home cleaning products [Neways is the premier Anti-Aging Longevity Company in the world.](#) They also offer Sport and Fitness Nutritional Products.

For those who live in the UK there are two price lists. By registering a few details you can order the same products at a lower price and post free. Examples of prices on a few basics can be seen [here](#). If you want to order or for more information you can contact my supplier Sue@suesbookshop.co.uk

HAIR CARE;

They are very concentrated; the tiniest amount of shampoo produces masses of lather so the cost per application is no more than for the ordinary shampoos you may be using now. The range includes shampoo, conditioner, gel, hair spray and spritz mist.

PERSONAL CARE; Formulated to avoid damaging skin irritants and other undesirable ingredients. The range includes shower gel, bubble bath, deodorant and talc-free powder.

BABY AND CHILD CARE; A range of high quality personal care products for the most important people in our lives. They contain no artificial fragrances, preservatives or harmful ingredients. Includes hair and body wash, bubble bath, lotion, hair de-tangler and baby powder.

DENTAL CARE; Safe but powerful non-abrasive, natural cleansers. The range comprises mouthwash and two flavours of toothpaste.

HOUSEHOLD CLEANING; A highly concentrated range of safe cleaning aids that are better for you and better for the environment. The range includes all purpose cleaners, washing up liquid, liquid laundry (washes at 40 degrees so saves money on water heating too), glass cleaner and disinfectant.

SKIN CARE; A full range of cosmetic products enriched with vitamin complexes, natural oils and exotic botanical extracts. Its antioxidants and UV screeners protect you from the environment.

SUN CARE: A full range of moisturising sun screens and self tanners.

MAKE UP; A full range of colours in a full range of cosmetics.

NUTRITIONAL SUPPLEMENTS; Combining the age-old formulas of ancient herbal medicine with the technological advances of modern science. Eastern tradition meets western technology.

I have seen the products Maximol and Revenol praised by a number of authors as superior supplements. The range also includes Hawaiian noni juice and much more. Their colour catalogue gives all the information.

PET NUTRITION;Cats and kittens, dogs and puppies are not forgotten.

WEIGHT MANAGEMENT; The usual range for both weight loss and body building.

AROMATHERAPY; Lots of oils to experiment with and finally

FUEL ADDITIVES; These help by increasing mpg, making vehicles run smoother and reducing the bad effect of vehicles on the environment.
